REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: ***

Claims 1-20 are allowable over the prior art and overcomes the last Office action since the Specification, as originally filed, discloses on page 3, lines 30 et seq., the use of homocondensates of basic amino acids, condensates of mixtures of two or more basic amino acids and cocondensates of basic amino acids and cocondensable compounds with at least one alkylene oxide selected from the group consisting of C2- to C30- alkylene oxides and styrene oxide. The use of the term "at least one alkylene oxides" does disclose it can be one or more alkylene oxides to react with another reactants.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
